WAA Demo Series

May Demo

Carmen Davailus will discuss **"Rock Your Social Media by Being Yourself"** Carmen is a fine art and lifestyle photographer who learned the hard way about social media marketing. As she puts it, "Social media marketing can be a scary thing. We need to show up when we really want to make our art. It should be about our art and not ourselves, right? What can we do to make and sell more art without it being painful?" Join us to learn how to Rock Your Social Media just by Being Yourself. You can learn more about Carmen at <https://www.carmensfineart.co>

June 12-15 & June 19-22 K- 5th 10 to Noon

June 12-15. 6 to 8 PM. 3rd to 5th Grade only

More details at the end of this Newsletter!

Artist of the Month April

1st Place was captured by artist Yvonne Tarrant for her oil painting, “That’s a Wrap”. Yvonne painted the quiet moment when her husband was walking their two horses, Diesel and Oops, back from the arena to the barn. This classic equine scene and other works by Yvonne will be on view at the Doss Heritage and Cultural Center during May.

2nd Place went to photographer Carmen Davailus, for a photograph on metal, “Miracles on West Texas Highway”. The artist photographed this perfect scene of wildflowers on a road near Groesbeck TX. Her lovely Texas spring view will be displayed during April at First Bank Texas in downtown Weatherford.

3rd Place was awarded to Cindi Neverdousky for her oil painting, “Flamenco”. Cindi celebrated her favorite red in the flowing skirts of the dancer. A study and motion and vivid color, Cindi’s painting can be viewed throughout May at the Fort Worth Community Credit Union on South Main Street in Weatherford.

Set up paintings at each meeting by 6 PM to enter in our monthly contest. Winners are displayed at local banks. Get your artwork noticed.

Linda Hidalgo won First place in the Society of Watercolor Artist's meeting in Fort Worth. Her painting is titled *Bright Ideas*.

Building the Future of WAA

We are so happy to have student **Michael Fuller** join us at our WAA meetings. Michael said his primary form of art these days is sculpture, printed on a 3-D printer. He became interested in CAD (computer aided design) through his father and attended classes at community college to learn about the process. Michael also is interested in painting, but like most artists, he is still experimenting and wants to do it well. He said, "I really enjoyed the WAA painting demonstrations where the painter's style was loose and free."

Michael's plans include looking into college and a possible career in mechanical engineering. We look forward to his future artistic endeavors! .

Encourage Michael about his artwork the next time you see him at a meeting.

Carolyn Bernard Young At the Weatherford Chamber Breakfast Before Business

By Debra Strandberg

Most people that live in Weatherford agree it is a great place to live. A visually stimulating place, with a lovely historic town square, centered around a crown jewel of a courthouse. The old city area offers tree-lined streets with quaint Queen Anne and Victorian houses and the lovely Chandor Gardens. The surrounding open countryside of Parker County, cutting horse country, make this area an artist's landscape paradise. But like most cities, it is the people that make Weatherford great and how they work together that makes it a community. This is why the WAA is a member of the Weatherford Chamber of Commerce, that offers monthly opportunities to meet and network with business and community leaders and exchange ideas. Carolyn Bernard Young, WAA 2nd VP of Education, recently attended one of the Chamber offerings, "Breakfast Before Business" where chamber members gathered to hear keynote speaker, Dr. Lloyd Potter, Ph.D., a Demographer for the state of Texas. Carolyn said his presentation was fascinating. Here's some of the things she noted: "His presentation covered the change in population along the I-35 corridor and the Houston area, with some interesting details about Parker County*:

- Texas grew 16% from 2010-2020 - the 3rd greatest growth of any state.
- Texas estimated population was 30,029,572 in 2022.
- The population is growing at the rate of 1290 people per day, but half of that number is born in Texas.
- I-35E & I-35W from Austin/San Antonio to the Metroplex is 87% of the entire population in Texas.
- Parker County was 53rd in the US for growth in 2022.
- Parker County is the 6th largest growth in Texas - 96% of which is from domestic migration; 1.3% for international migration.

*More information can be found at [Demographics.texas.gov](https://demographics.texas.gov)."

The Weatherford Art Association will continue to grow with our city and offer artistic opportunities for our community, now and in the future.

WAA has 2 FACEBOOK accounts:

- **Weatherford Art** is our personal account, required by FB. Think of it as our home base. **Anyone can post on this page.** "Friend" this page to see posts in your feed. The profile photo (little circle photo) is currently our meeting times.
 - **Weatherford Art Association** is our business page, our PUBLIC face. "Follow" this page to see its posts in your feed. The profile photo is currently our logo. This is how we get announcements to the public to attend our shows, advertise our meetings or workshops.
 - **COMMENT ON** and **SHARE** posts from either accounts. This causes the post to "pop to the top" of everyone's feed so people who might have missed it, have another chance to see it. It's the best way to spread our message. Likes aren't enough.
 - **Please help us communicate!**
